## 2022 Dental Benefits

# Who is Delta Dental of Virginia?

- Delta Dental of Virginia is a not-for-profit organization whose mission is to improve the public's oral health.
- We have been administering dental plans for over 50 years.
- Our networks extend to all 50 states, Puerto Rico, Guam and the U.S. Virgin Islands.

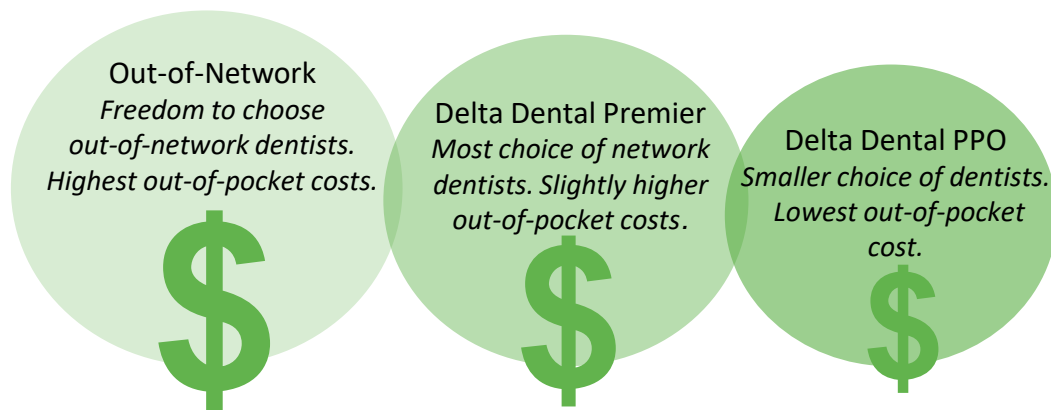

# How Delta Dental's Networks Work

Under Loudoun County Government's dental plan, members have two networks to choose from:

**Delta Dental PPO<sup>SM</sup>** – The PPO network provides deeper discounts. This network includes 57% of all dentists nationwide and provides the ***lowest out-of-pocket costs***.

**Delta Dental Premier<sup>®</sup>** – This is Delta Dental's largest network and provides the ***greatest access to care***. This network includes 77% of all dentists nationwide.

Members can also go out-of-network, but will experience lower out-of-pocket costs by choosing a dentist that participates in one of our networks.

# Prevention First

This means that you can always get your preventive care, even if you have used all of your annual benefit maximum for the year. The example below is based on the Basic Dental Plan.

	Delta Dental Pays	Maximum Remaining
Diagnostic and Preventive Treatment (twice annually)	\$190	\$1,310
<u>With Prevention First</u>		
	Delta Dental Pays	Maximum Remaining
Diagnostic and Preventive Treatment (twice annually)	\$190	\$1,500

# Healthy Smile, Healthy You™

This innovative program provides one additional cleaning or periodontal maintenance procedure for some important health conditions that are connected to oral health:

- Pregnancy
- Diabetes
- High Risk Cardiac Conditions
- Cancer Treatment (extra fluoride treatment, as well)

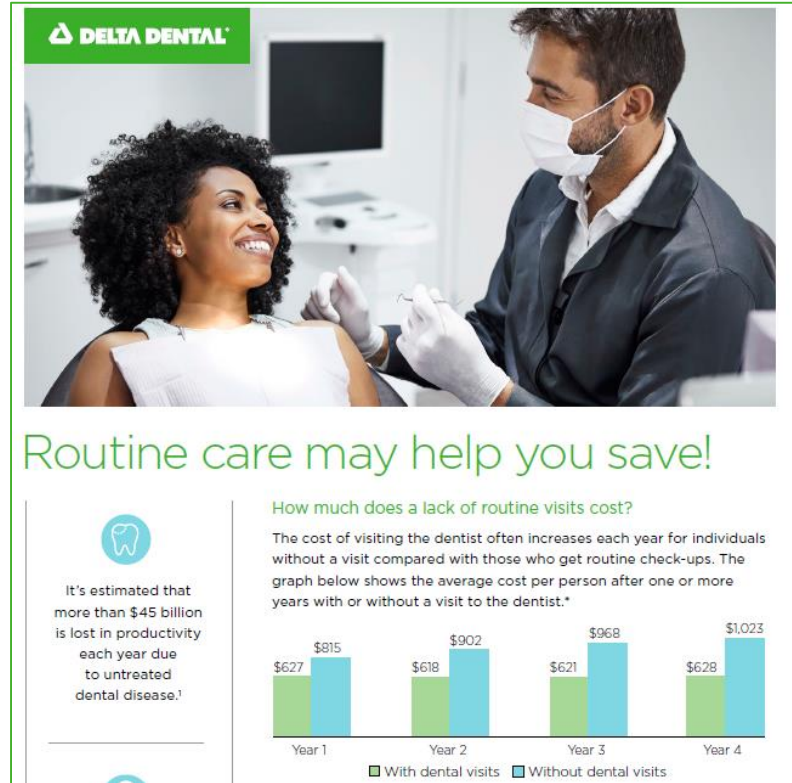

Members must enroll before taking advantage of this benefit. The enrollment form can be downloaded at [DeltaDentalVA.com](https://DeltaDentalVA.com).

# The Case for Preventive Care

- Members who get their preventive care each year tend to have better oral health than those who do not. They also tend to have lower costs.
- For Loudoun County Government members who went to the dentist in both 2019 and 2020, those who had at least one preventive exam in the prior year had \$412 less in costs the next year, on average.
- Preventive care is covered at 100%\*\* , so take advantage of this great benefit each year!

**\*\*if you visit an in-network provider**
